

"IKEBANA SPREE"

生け花 シュプリー

With its origin in Japan, Ikebana is a 1000+ years old art form, which is derived from Buddhist practice of offering flowers to Buddha and ancestral souls. The practice of Ikebana has been pursued as a form of meditation on the passage of the seasons, time, and change; as a modern decoration at home or halls; and simply as a leisure of artistic attainment. Decor8 will be arranging an event on Ikebana demonstration, workshop and exhibition.
